

An aerial photograph of a nursery. The foreground and middle ground are filled with neat rows of various plants, including what appear to be young trees and shrubs, arranged in long, parallel lines. A dirt road or path runs through the center of the nursery. In the background, there are more rows of plants and a large, circular area that looks like a storage or processing area. To the right, there is a large, rectangular greenhouse with a white roof and a grid-like structure. The overall scene is lush and organized.
